

# CERTIFICATE

(translation: only for information)

The present document confirms that the water meters type :

**Water meters SONATA Ultrasonic DN 15-20-25  
produced by ARAD Group Ltd.  
Industrivej 28  
IL - 1923900 Kibbutz Dalia**

have been submitted to approval by Belgaqua  
by the company ARAD Group Ltd.

and have been declared conform to the requirements of the approval procedure for materials in contact with drinking water and water serving for the production of drinking water "HYDROCHECK", approved by the Board of Management of Belgaqua on May 01, 2016.

The cold water meters SONATA DN 15-20-25 consist of the following materials in contact with drinking water, submitted to this acceptance:

The composition of these materials have been reviewed and fulfill the requirements of Art. 3, 2° al. of the General Terms for the acceptance by Belgaqua of materials in contact with drinking water.

The present certificate may only be communicated to third parties or reproduced in its integral version.

The approval of the material is valid for undetermined duration, starting on the date of signature and for materials that are identical to those mentioned in the present certificate. Its validity will be confirmed by mentioning its references in the Listing of approved materials in contact with water, issued yearly by BELGAQUA and confirmed by listing on [www.belgaqua.be](http://www.belgaqua.be).

Established in one original copy in French, on November 22, 2018

Chr. LEGROS  
Director of BELGAQUA
